

Coming in May

- Staff at this hospital will be participating in a survey that examines patient safety culture.
- This hospital is one of 364 hospitals nationally, including 6 hospitals in Arizona, that have volunteered and been selected to participate in this project.
- The survey, developed by the Agency for Healthcare Research and Quality (AHRQ), is part of a health care quality improvement initiative sponsored by the Centers for Medicare & Medicaid Services (CMS).
- The Web-based survey has 51 multiple-choice questions and takes 10–15 minutes to complete. Survey responses are anonymous and confidential.
- Survey results will help this hospital identify patient safety strengths, challenges, and opportunities for improvement.

**When it comes to Patient Safety,
*My Opinion Matters.***

The Hospital Survey on Patient Safety Culture

This material was prepared by Health Services Advisory Group, the Medicare Quality Improvement Organization for Arizona, under contract with the Centers for Medicare & Medicaid Services (CMS), an agency of the U.S. Department of Health and Human Services. The contents presented do not necessarily reflect CMS policy.
